# ABOUT US

.....

We are part of a family-owned food processing business of Mediterranean origin with almost 125 years of history and a strong international presence. We are leaders in agricultural farm management, of agricultural farms, industrial processing, and the packaging and marketing of olive and seeds oils, nuts, dried fruits, Modena Balsamic Vinegar, pasta and snacks.

## OUR HISTORY

# - 1896 -

### THE YEAR IT ALL BEGAN.

It's the year when Antoni Pont and Dolores Creus settled in Tàrraga to sell olives and almonds, crops perfectly suited to the abundant sunshine and rich soil of the region.

It's been a family company since then, first run by their two sons, Josep and Ramón Pont Creus, and followed by their grandchildren, with each generation building on the achievements of the last to create the strong, successful business that exists today.

We believe that the success of the business has come from the values that it was founded on – values that have been nurtured by each succeeding generation. Values like dedication, hard work, enthusiasm and honesty. As well as a love for our land, an intense belief in promoting the virtues of the Mediterranean diet and way of eating. Our business is focused on two of its key pillars – olive oil and nuts. Our unique blend of strong tradition and smart innovation has led us to be one of the key promoters of the Mediterranean diet worldwide, with a presence in more than 96 countries on five continents.

Every single product we make is a testimony to the knowledge and expertise we've built over more than a century.

**"Growing our business stronger and bigger  
has always been our guide"**

---

**Antonio Pont Amenós**  
Honorary President

**"If one value characterises Borges,  
it's honesty"**

# SUPERIOR PRODUCTS

---

We improve the consumer's quality of life with healthy products that guarantee balanced nutrition. At Borges we believe that food is the number one source of health and pleasure. Which means that we are constantly driven to source the best quality ingredients, and process them with the care and attention that you would expect. We think this is one of the reasons why we're the leading olive oil brand in more than 25 countries and our products are present in more than 117 countries.

**“AT BORGES WE HAVE  
ALWAYS DONE THINGS THE  
BEST WAY POSSIBLE FOR  
OVER 100 YEARS”**

# **BORGES MEDITERRANEAN LIFE-STYLE**

At Borges, we do more than sell oils, vinegars, olives, nuts and pasta: we also provide people around the world with the opportunity to enjoy both a Mediterranean lifestyle and Mediterranean quality with our products and services. We want to be a benchmark of the Mediterranean lifestyle and the region's quality products.

The Mediterranean diet is widely recognised as one of the healthiest in the world.

One of the key elements that distinguishes the Mediterranean diet is the daily consumption of olive oil and nuts. In 2010, UNESCO added the Mediterranean diet to the Representative List of the Intangible Cultural Heritage of Humanity. Numerous studies (like the PREDIMED study) have demonstrated the health benefits of the Mediterranean diet:

**LOWERS THE RISK OF  
HEART DISEASE**

**PREVENTS SEVERAL  
DISEASES**

# OUR FUTURE

We are on a path. Where we are now is not the end but only the beginning. There is so much yet to be done. But come what may, it will be achieved with our family's values at heart to guide us, with honesty, optimism and determination. Together we can build something bigger and better.

Something that future generations can be proud of. A legacy that will carry on, with the same enthusiasm and passion that drove Antoni Pont and Dolores Creus to start the company all those years ago.

**"I REMEMBER THEIR STRENGTH, THEIR  
DRIVE, THEIR HARD WORK, EFFORT AND  
DEDICATION. THEIR FERVENT DESIRE TO  
MAKE THIS COMPANY BIG"**

**OLIVE OILS**

EXCLUSIVE CAP  
**DUO**  
IDEAL FOR  
COOKING & DRESSING

## Borges creates the new **DUO®** CAP, the new way of serving olive oil

The new cap, which will make special oil dispensers a thing of the past, allows you to control the amount of oil you pour simply by turning the bottle: one way round, a fine flow of oil ideal for dressing salads and the like, and the other way round a larger flow for cooking.

Borges launches DUO®, a new cap with a double opening, perfect both for cooking and for serving olive oil at the table. Thanks to this design innovation, Borges has created a new cap with two different sized openings that allow you to control the flow of oil you want.

The smaller opening is ideal, for example, for dressing salads because it gives a fine, constant flow of oil. The larger opening, on the other hand, allows you to pour a larger amount of oil in less time, ideal for cooking. DUO® guarantees the right amount of oil and a better user experience, making it easier to use oil in different ways from a single container thanks to its double cap, making it convenient, practical and functional. This means you can use the oil both in the kitchen and at the table without using a special oil dispenser.

The new DUO® cap is 100% plastic and has no metal parts which could oxidise the oil and affect its quality. It also prevents splashes, stains, spills and wasted oil.

RDI, which we see as a way of anticipating and meeting consumer needs, is essential to Borges Mediterranean Group and all its brands. DUO® adds value to the user experience to make people's everyday life easier.

Now, with the new DUO®, Borges makes it easier to use oil in different ways from a single bottle thanks to the convenient, practical and functional cap with two openings: the same bottle can be used both in the kitchen and at the table without having to use a special oil dispenser.

Olive oil is one of the cornerstones of the Mediterranean diet. Extracted from fresh olives, it is packed with **natural benefits**, especially when it is extra virgin, which is first cold pressed. These benefits are derived from its high content of oleic acid, a monounsaturated fatty acid, and powerful antioxidants called polyphenols.

**It provides benefits like no other, such as lowering the risk of heart disease – which is proven through many scientific studies such as the PREDIMED study**

## Quality is the top priority for Borges:

**We are the first Spanish olive oil company to have been certified by International Featured Standards (IFS).**

**Our laboratory was the first to be certified by the International Olive Council (IOC).**

Our olive oil range includes a wide variety of flavors to suit the wide range of different taste preferences that exist **across** all cultures.

MASTERS SINCE  
- 1896 -

**SEED OILS**

Seed oils are made by pressing seeds with a high oil content, such as grape, sunflower or canola, to extract the oils they contain. They are extremely popular and widely used all over the world because of their versatility and adaptability in cooking, as well as their nutritional properties and health benefits.

**Borges offers a broad selection of top-quality seed oils, each with their own distinctive attributes.**

Their high omega-3, omega-6 and vitamin content and the fact that they are cholesterol free make them the perfect healthy ally in the kitchen.

# HIGH OLEIC SUNFLOWER OIL

## THE SMART CHOICE OF OIL FOR FRYING WITH SEVERAL TIMES

Borgefrit is the ideal choice to give deep-fried food a healthy, crispy touch. As it comes from pressed sunflower seeds with a high oleic acid content, ingredients absorb less oil, and their structure, flavour and quality are just as good time and time again.

### COMPOSITION:

High Oleic Refined Sunflower Oil, e-900.

### BEST USED FOR:

High-temperature frying.

**VINEGARS**

## A world of flavours to inspire and delight

Borges produces a unique variety of authentic, premium-quality vinegars to inspire consumers and chefs worldwide. They are ideal for enhancing the flavour of all kinds of dishes in an instant, without adding oil or salt. They are as good in marinades, dressings, sauces and soups as they are on cooked veggies and meat dishes. And better still, they are healthy.

Produced using the finest raw ingredients with the ancient art of vinegar making, our **premium vinegars** benefit from painstaking oversight and our thorough sensitivity throughout all stages of the production process. Every detail, from selecting the ingredients to ageing, production and labelling takes place under the watchful eye of our master vinegar maker.

One of our most highly prized products is **our authentic balsamic vinegar**, produced in our cellar in **Modena, Italy**. The **IGP certification** guarantees our traditional production process and superb quality standards.

Four generations of experts in this region of Italy have so far made this delicate elixir with passion and dedication.

Whichever the variety,  
**Borges complies** with the most **stringent quality standards and certification programmes** to ensure that you always get the excellent flavour you deserve.

## BALSAMIC VINEGAR OF MODENA

### FAITHFUL TO THE TRADITIONS OF MODENA

Our Balsamic Modena vinegars get their genuine and unmistakably delicious flavour from time spent maturing in wooden casks. With the natural sweetness of Italian grapes. IGP certification guarantees the quality and flavour of our vinegar, **produced in our cellar in Modena, Italy.**
