ABOUT US

.....

We are part of a family-owned food processing business of Mediterranean origin with almost 125 years of history and a strong international presence. We are leaders in agricultural farm management, of agricultural farms, industrial processing, and the packaging and marketing of olive and seeds oils, nuts, dried fruits, Modena Balsamic Vinegar, pasta and snacks.

OUR HISTORY

- 1896 -

THE YEAR IT ALL BEGAN.

It's the year when Antoni Pont and Dolores Creus settled in Tàrraga to sell olives and almonds, crops perfectly suited to the abundant sunshine and rich soil of the region.

It's been a family company since then, first run by their two sons, Josep and Ramón Pont Creus, and followed by their grandchildren, with each generation building on the achievements of the last to create the strong, successful business that exists today.

We believe that the success of the business has come from the values that it was founded on – values that have been nurtured by each succeeding generation. Values like dedication, hard work, enthusiasm and honesty. As well as a love for our land, an intense belief in promoting the virtues of the Mediterranean diet and way of eating. Our business is focused on two of its key pillars – olive oil and nuts. Our unique blend of strong tradition and smart innovation has led us to be one of the key promoters of the Mediterranean diet worldwide, with a presence in more than 96 countries on five continents.

Every single product we make is a testimony to the knowledge and expertise we've built over more than a century.

**"Growing our business stronger and bigger
has always been our guide"**

Antonio Pont Amenós
Honorary President

**"If one value characterises Borges,
it's honesty"**

Antonio Pont Grau
Management Board Member

SUPERIOR PRODUCTS

We improve the consumer's quality of life with healthy products that guarantee balanced nutrition. At Borges we believe that food is the number one source of health and pleasure. Which means that we are constantly driven to source the best quality ingredients, and process them with the care and attention that you would expect. We think this is one of the reasons why we're the leading olive oil brand in more than 25 countries and our products are present in more than 117 countries.

**“AT BORGES WE HAVE
ALWAYS DONE THINGS THE
BEST WAY POSSIBLE FOR
OVER 100 YEARS”**

Ramón Pont Amenós
President

BORGES MEDITERRANEAN LIFE-STYLE

At Borges, we do more than sell oils, vinegars, olives, nuts and pasta: we also provide people around the world with the opportunity to enjoy both a Mediterranean lifestyle and Mediterranean quality with our products and services. We want to be a benchmark of the Mediterranean lifestyle and the region's quality products.

The Mediterranean diet is widely recognised as one of the healthiest in the world.

One of the key elements that distinguishes the Mediterranean diet is the daily consumption of olive oil and nuts. In 2010, UNESCO added the Mediterranean diet to the Representative List of the Intangible Cultural Heritage of Humanity. Numerous studies (like the PREDIMED study) have demonstrated the health benefits of the Mediterranean diet:

**LOWERS THE RISK OF
HEART DISEASE**

**PREVENTS SEVERAL
DISEASES**

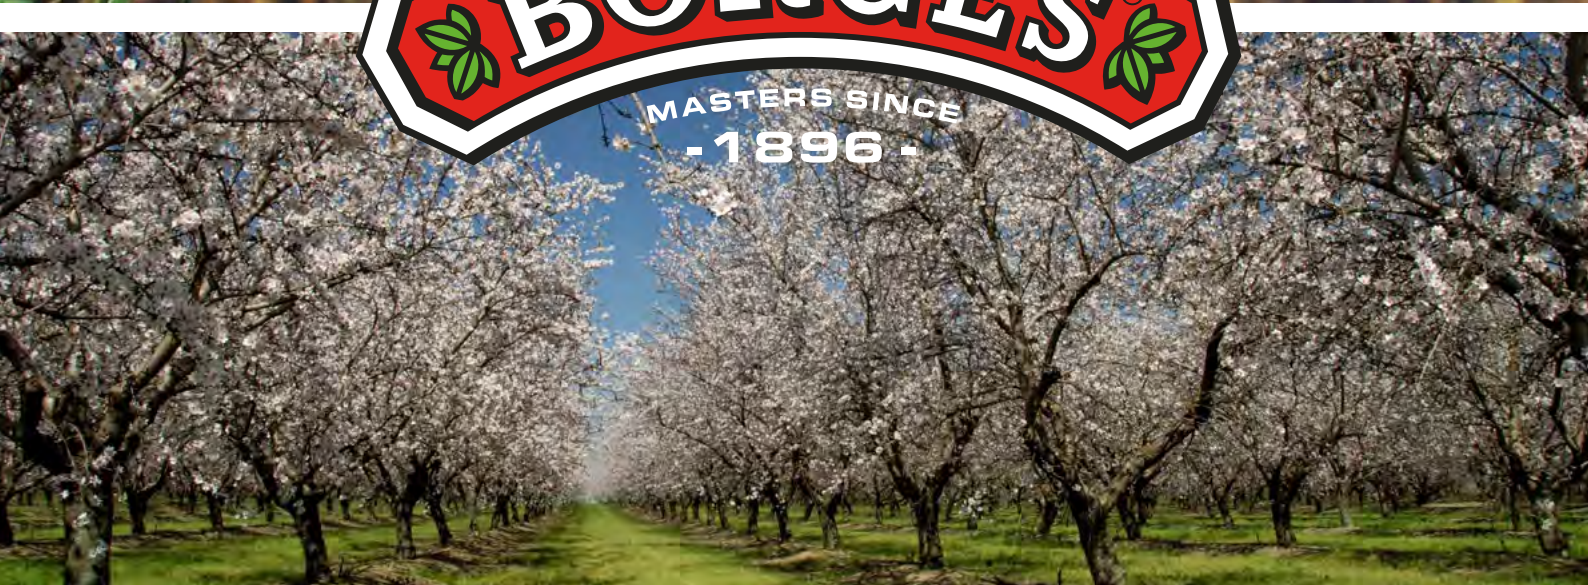

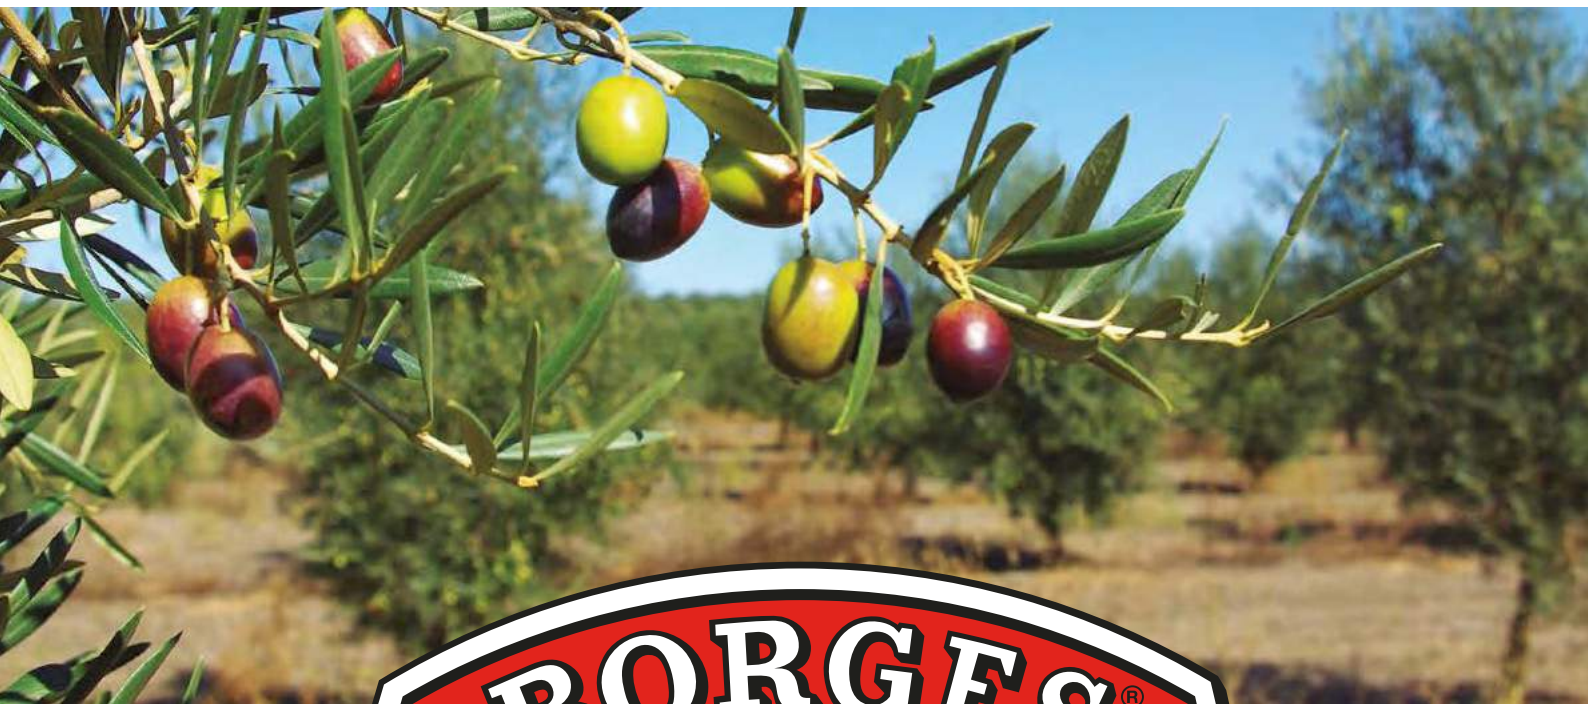

OUR FUTURE

We are on a path. Where we are now is not the end but only the beginning. There is so much yet to be done. But come what may, it will be achieved with our family's values at heart to guide us, with honesty, optimism and determination. Together we can build something bigger and better.

Something that future generations can be proud of. A legacy that will carry on, with the same enthusiasm and passion that drove Antoni Pont and Dolores Creus to start the company all those years ago.

**"I REMEMBER THEIR STRENGTH, THEIR
DRIVE, THEIR HARD WORK, EFFORT AND
DEDICATION. THEIR FERVENT DESIRE TO
MAKE THIS COMPANY BIG"**

Josep Pont Amenós
Chief Executive Officer

OLIVE OILS

Our commitment to the environment

After more than 120 years of history, we remain steadfast in our commitment to nature. Which is why Borges ensures that all the oil that goes into our bottles is produced using environmentally sustainable processes.

Never sacrificing **Borges' hallmark quality**, everything that we do aims to be kind to the environment, a commitment at the heart of our growth strategy.

Borges always supplies oil varieties with unique quality and flavour, which now comes in recycled containers.

Borges' first recycled plastic bottle has already been launched and is the **first oil bottle containing recycled plastic on the market**. These bottles will reduce our plastic consumption by 143 tonnes every year and will contribute to eliminating single-use plastics. Our new bottles comply with stringent quality standards while preserving the organoleptic qualities of the oil they contain. Borges also uses **recycled and 100% recyclable glass bottles and single-dose compostable tubs**.

Our bottles also have the DUO® cap with a perfect double opening for serving oil at the table and optimising responsible consumption. The smaller opening is ideal for dressing salads because it gives a fine, constant stream of oil. The larger opening, on the other hand, allows you to pour a larger amount of oil in less time, making it ideal for cooking. That is how DUO® guarantees the right amount of oil and a better user experience, making it easier to use oil in different ways from just one container thanks to its convenient, practical and functional double cap.

We care for you and the environment because we are
#committedbynature

Bring out your eco-friendly side with Borges

Good for you, Good for the
planet

#committedbynature . www.committedbynature.com

25%

Recycled plastic

Our green bottles with **80% recycled glass** are **a clear representation of our commitment** to innovation in all areas and its firm determination to safeguard the planet's future. Enjoy all our oils while contributing to eliminating single-use materials worldwide with our new recycling culture.

At Borges, we are aware of the damage that single-use plastic bottles cause to the environment. For this reason, all our oils come in presented in recyclable plastic or glass bottles. With Borges' new recycled plastic bottle, we will **reduce plastic emissions by 143 tonnes/year**.

SINGLE-DOSE

Borges uses single-dose, **100% recyclable** compostable tubs made of recycled materials, guaranteeing a circular economy.

Thanks to this initiative, Borges is the first oil packing company to obtain the **ECOSENSE** certificate.

EXCLUSIVE CAP
DUO
 IDEAL FOR
 COOKING & DRESSING

Borges creates the new **DUO®** CAP, the new way of serving olive oil

The new cap, which will make special oil dispensers a thing of the past, allows you to control the amount of oil you pour simply by turning the bottle: one way round, a fine flow of oil ideal for dressing salads and the like, and the other way round a larger flow for cooking.

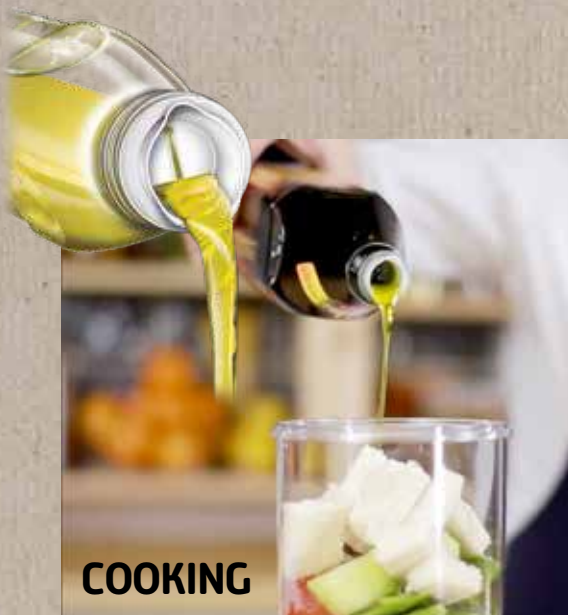

Borges launches DUO®, a new cap with a double opening, perfect both for cooking and for serving olive oil at the table. Thanks to this design innovation, Borges has created a new cap with two different sized openings that allow you to control the flow of oil you want.

The smaller opening is ideal, for example, for dressing salads because it gives a fine, constant flow of oil. The larger opening, on the other hand, allows you to pour a larger amount of oil in less time, ideal for cooking. DUO® guarantees the right amount of oil and a better user experience, making it easier to use oil in different ways from a single container thanks to its double cap, making it convenient, practical and functional. This means you can use the oil both in the kitchen and at the table without using a special oil dispenser.

The new DUO® cap is 100% plastic and has no metal parts which could oxidise the oil and affect its quality. It also prevents splashes, stains, spills and wasted oil.

RDI, which we see as a way of anticipating and meeting consumer needs, is essential to Borges Mediterranean Group and all its brands. DUO® adds value to the user experience to make people's everyday life easier.

Now, with the new DUO®, Borges makes it easier to use oil in different ways from a single bottle thanks to the convenient, practical and functional cap with two openings: the same bottle can be used both in the kitchen and at the table without having to use a special oil dispenser.

Olive oil is one of the cornerstones of the Mediterranean diet. Extracted from fresh olives, it is packed with **natural benefits**, especially when it is extra virgin, which is first cold pressed. These benefits are derived from its high content of oleic acid, a monounsaturated fatty acid, and powerful antioxidants called polyphenols.

It provides benefits like no other, such as lowering the risk of heart disease – which is proven through many scientific studies such as the PREDIMED study

Quality is the top priority for Borges:

We are the first Spanish olive oil company to have been certified by International Featured Standards (IFS).

Our laboratory was the first to be certified by the International Olive Council (IOC).

Our olive oil range includes a wide variety of flavors to suit the wide range of different taste preferences that exist **across** all cultures.

Borges olive oils **promote** the essence of the healthy Mediterranean way of eating and living all over the world.

EXTRA VIRGIN OLIVE OIL

OUR ALL-STAR, ALL-PURPOSE EXTRA VIRGIN OLIVE OIL

A blend of the first cold-extraction oils from selected high quality olives, resulting in a mild flavor carefully balanced between fruity, sharp and spicy.

MASTERS SINCE
- 1896 -

SEED OILS

Seed oils are made by pressing seeds with a high oil content, such as grape, sunflower or canola, to extract the oils they contain. They are extremely popular and widely used all over the world because of their versatility and adaptability in cooking, as well as their nutritional properties and health benefits.

Borges offers a broad selection of top-quality seed oils, each with their own distinctive attributes.

Their high omega-3, omega-6 and vitamin content and the fact that they are cholesterol free make them the perfect healthy ally in the kitchen.

SUNFLOWER REFINED OIL

VERSATILITY EMPOWERS CREATIVITY

Carefully pressed using premium quality sunflower seeds, Borges' refined sunflower oil is perfect for a whole host of uses. Free of additives, with a smooth taste and clear aspect, it is rich in polyunsaturated fats and has higher levels of vitamin E than any other oil.

COMPOSITION:

Refined Sunflower Oil.

BEST USED FOR:

Use it for frying, cooking or for dressing vegetables, meats and salads.

VINEGARS

A world of flavours to inspire and delight

Borges produces a unique variety of authentic, premium-quality vinegars to inspire consumers and chefs worldwide. They are ideal for enhancing the flavour of all kinds of dishes in an instant, without adding oil or salt. They are as good in marinades, dressings, sauces and soups as they are on cooked veggies and meat dishes. And better still, they are healthy.

Produced using the finest raw ingredients with the ancient art of vinegar making, our **premium vinegars** benefit from painstaking oversight and our thorough sensitivity throughout all stages of the production process. Every detail, from selecting the ingredients to ageing, production and labelling takes place under the watchful eye of our master vinegar maker.

One of our most highly prized products is **our authentic balsamic vinegar**, produced in our cellar in **Modena, Italy**. The **IGP certification** guarantees our traditional production process and superb quality standards.

Four generations of experts in this region of Italy have so far made this delicate elixir with passion and dedication.

Whichever the variety,
Borges complies with the most **stringent quality standards and certification programmes** to ensure that you always get the excellent flavour you deserve.

BALSAMIC VINEGAR OF MODENA

FAITHFUL TO THE TRADITIONS OF MODENA

Our Balsamic Modena vinegars get their genuine and unmistakably delicious flavour from time spent maturing in wooden casks. With the natural sweetness of Italian grapes. IGP certification guarantees the quality and flavour of our vinegar, **produced in our cellar in Modena, Italy.**

BEST USED FOR

Sweet, delicate, tangy, balsamic vinegar is fabulous for marinating fish, meat, and vegetables, as well as for dressing salads.

Unique Raspberry vinegar

Natural raspberry essence makes this exquisite red wine vinegar.

Ideal for dressing fruit salads and for marinating meat.

Scrumptious Apple Cider Vinegar

Sweet, tangy, and mild, it enhances without overwhelming.

A great ingredient for cold recipes and sauces. Also used as purifying drink mixed with still water.

Subtle Garlic vinegar

Enhanced with the flavour of natural garlic essence for a subtle, aromatic flavour.

Excellent for dressing salads and vegetables.

Aromatic Tarragon

Tarragon, the Mediterranean herb par excellence, adds aromatic bittersweet magic to this splendid white wine vinegar.

Great with salads, fish and warm sauces like bearnaise and hollandaise.

Spanish Sherry vinegar DOP

Dark, delicate, and slightly nutty, with hints of vanilla and oak, 'Vinagre de Jerez D.O.P.' enjoys protected origin status in Spain.

An excellent choice for cold dishes like beef and fish carpaccio.

Spanish Rioja vinegar

Made with wine from Spain's renowned Rioja vineyards, this pale red wine vinegar has hints of raspberries, red grapes, and oak.

Best used in vinaigrettes and meat marinades.

Sparkling Cava wine vinegar

The trio of grape varieties used to make this vinegar is also used to make Spain's popular sparkling cavas. The result is delicate, fresh, and fruity.

Use to dress cold dishes or to enhance meat, fish, and roasted vegetables.

NUT DRINKS

Borges nut drinks: a handful of nuts in every single glass

Start the day the right way with a glass of nutrient-packed Borges nut milk. Made with nuts from our own trees, it will win over milk and other plant-based beverage drinkers with its amazing natural taste, smooth texture and great nutritional benefits.

Perfect for consumers who want delicious products that help them feel their healthiest.. The main benefits of our all-natural drinks are that they contain no added sugars, no artificial sweeteners, are low in saturated fat and easy to digest.

We have been nut experts since 1896 and because nuts are a great way to improve your diet and enjoy benefits like a lower risk of heart disease,
Borges nut drinks are the most delicious way to stay healthy.

NUTS & DRIED FRUITS

At Borges, we have substantial experience in making dried fruit and nuts. We carefully select our raw materials and manufacture our products in compliance with the strictest quality standards to guarantee the finest Borges products. Moreover, our farms and agricultural projects are our own, which increases our company's know-how as an expert in dried fruit and nuts.

We only use sunflower oil and high oleic sunflower oil in our production processes.

At Borges, we are committed to guaranteeing sustainable and responsible agriculture and to using water resources appropriately. Our farms are certified with standards of good agricultural practices. In addition, we collaborate with the Global Nature Foundation to improve the biodiversity of our farms.

INFUSIONS

INFUSIONS OLIVE LEAF INFUSIONS

CAFFEINE

ANTIOXIDANTS COMPARED TO GREEN TEA

VITAMIN C COMPARED TO GREEN TEA

OLIVE TREE LEAVES

20 UNITS PER CASE

CONTAINS OLEUROPEIN

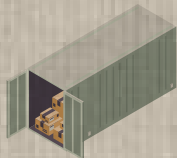

NO ADDED FLAVOUR

This olive leaf infusion is a one-of-its kind herbal drink that has 2 times the antioxidants compared to regular green tea and unlike green tea, this has zero caffeine.

Olive leaves contain oleuropein, a polyphenol known to help regulate blood pressure and reduce hypertension. The ideal drink to bring the calm and serenity that your everyday life needs.
